L’evoluzione nasce dall’ascolto

Design evolves through listening

Nel tempo alcuni modelli diventano più di semplici prodotti:
si affermano come veri punti di riferimento all’interno di una collezione.

È il caso di Moreno e Contemporaneo 20, due tra i modelli più apprezzati della nostra produzione.

Proprio dal dialogo continuo con i nostri clienti, architetti e partner prende forma l’evoluzione di questi due progetti, che per il 2026 si arricchiscono di nuove configurazioni pensate per offrire un’esperienza di seduta ancora più personale.

Nascono così **Moreno Full** e **20 Low**, due interpretazioni che mantengono il carattere dei modelli originali introducendo soluzioni progettuali sviluppate in risposta alle esigenze di comfort e di utilizzo emerse negli anni.

Over time, some models become more than mere products, establishing themselves as true cornerstones of a collection.

Such is the case with Moreno and Contemporaneo 20, two of the most highly regarded models in our range.

It is from our ongoing dialogue with clients, architects and partners that the evolution of these two designs takes shape. For 2026, both gain new configurations, conceived to offer an even more personal seating experience.

This gave rise to **Moreno Full** and **20 Low**: two interpretations that retain the character of the original models while introducing solutions developed in response to the comfort and practical needs that have emerged over the years.

MORENO

Full version

Divano 2 posti maxi · 2-seater maxi sofa
260 × 106 × H74 cm

La principale evoluzione riguarda i cuscini di schienale, ora ampliati nelle dimensioni e progettati per accompagnare completamente la seduta, offrendo una sensazione di comfort ancora più avvolgente.

Questa nuova configurazione garantisce un sostegno più generoso nella zona lombare e delle spalle, per accogliere il corpo in modo naturale e rilassato.

Il risultato è un divano che mantiene l'eleganza e l'equilibrio del progetto originale, introducendo al tempo stesso una nuova interpretazione del comfort, pensata per chi desidera un appoggio più pieno e accogliente.

The key evolution lies in the back cushions, now larger and designed to span the entire seat, for an even more enveloping sense of comfort.

This new configuration provides more generous support for the lumbar and shoulder areas, cradling the body in a natural, relaxed posture.

The result is a sofa that preserves the elegance and balance of the original design while offering a new interpretation of comfort, conceived for those who seek a fuller, more inviting backrest.

20 LOW

version

Divano 2 posti maxi · 2-seater maxi sofa
225 × 88 × H90 cm (265)

In questa variante la struttura del divano è stata progettata fino a terra, conferendo al modello una percezione visiva più solida e importante.

Parallelamente è stato svolto un lavoro specifico sulle imbottiture della seduta, studiate per offrire una maggiore morbidezza e una postura più rilassata.

A completare il comfort è la possibilità di integrare poggia reni opzionali, che permettono di adattare il sostegno alle preferenze e alla conformazione di ogni persona.

In this version, the sofa's frame has been designed to extend down to the floor, giving the model a more solid and substantial visual presence.

Alongside this, the seat padding has been specifically developed to offer greater softness and a more relaxed posture.

To complete the comfort, optional lumbar cushions allow support to be tailored to individual preferences and body shape.
